

## Intention to coerce – scripted role play

Four people - Simon, Farzad and Ben - each to read a part. First, read the description of the situation.

Simon, Farzad and Ben are chatting about their coursework in the kitchen.

Farzad: Pretty much finished my medical law oral! Get in!

Simon: Yeah me too!

Ben: Glad I'm not doing med law! I saw Suze earlier, she failed last time, so she's pretty stressed about it

Farzad: Ah bless her, maybe I should see if she wants some help.

Simon: Nah, should be me, after all, I'm the King of Med Law with the 80 I scored in coursework haha. Huh, maybe she could help me with my 'oral problem' in exchange for some help with hers...

Ben: Yeh mate get on that!

Simon: It'd be a good opportunity for her to work that sexy mouth of hers....

Farzad: What?!

Ben: Why not, bit of give and take and all that....

Farzad: No reason to take advantage of her. Mate, that's exploitation and that's pretty sick. Are you really that desperate?

Simon: Just having a laugh

Farzad: Not funny, she's my mate and she's alright.
